REPORT
OF THE
CHIEF ENGINEER
OF THE
FIRE DEPARTMENT
OF THE
CITY OF CHARLESTOWN.

FEBRUARY 28, 1862.

CITY OF CHARLESTOWN.

In Board of Mayor and Aldermen, May 12, 1862. Received and Ordered to be printed with the Treasurer's Annual Statement of Receipts and Expenditures, and sent down for concurrence.

DANIEL WILLIAMS, CITY CLERK.

In Common Council, May 19, 1862. Concurred.

G. V. HALL, CLERK.

CITY OF CHARLESTOWN.

FEBRUARY 28, 1862.

To the Honorable the Board of Mayor and Aldermen, and
Common Council:—*

GENTLEMEN:—

Agreeably to the Ordinance of the City, regulating the Fire Department, I most respectfully submit the following Report, containing a list of the officers and members of the Department, and the condition of the apparatus in their charge; the number of fires the past year; together with the amount of loss and insurance on the same. Also, the number of reservoirs, hydrants, wells, and other sources from which water can be obtained, in case of fire, and the expenses for the year ending this date.

The Department was never in a more flourishing condition than at present. Notwithstanding the large number that have joined the army of our country, the companies are full, and when called upon are as prompt as ever in the performance of all duties required of them.

I am most happy to be able to state that there has been a large decrease in the number of fires, the past year, compared with the year previous; owing, doubtless, to the prompt arrest and conviction of one or more incendiaries in our midst.

The new Engine, ordered for Hancock Company No. 1, has been duly received and thoroughly tested, to the entire satisfaction of the Board and the Company who have it in charge. The 1200 feet of Hose, ordered by the City Council, has also been purchased and equally distributed to the several Engine Companies. By order of the City Council, the old Engine has been kept for a relief.

The Engines and other apparatus belonging to the Department are in good condition, with the exception of No. 3. The Board of Engineers have not felt warranted in making a large outlay on her, as there is a petition for a new one to be placed in that location, now waiting your action.

Respectfully submitted,

E. A. COSTIGAN, *Chief Engineer.*
